Acts 21:1-36

1. Luke seems to insert the disagreement about Gentile and Jewish believer in the middle of this passage? Why would this story be important to the early church?

2. How can we rely on our faith in times that we are persecuted, just as Paul did?

3. We may not face physical persecution, but why would following Christ cause others to hate us?

4. How should we respond to their hate?
