**Objective:**

Fill the empty bucket at the end of the row from the full bucket at the beginning quicker than the other team. The team who has the fullest bucket at the end wins!!

**What you will need to play:**

- 1 plastic cup per team
- 1 bucket full of water (per team)
- 1 empty bucket (per team)

**How to play:**

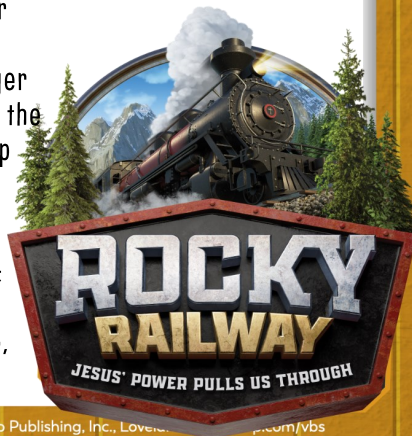

The teams can be as big as you want them, try to make each team have an even number of players.

Each team will sit in a single-file row facing forward with the full water bucket at the front of the row and the empty bucket at the back end of the row. The player nearest the full bucket will take the plastic cup and fill it with water from the full bucket. The one he/she will pass the cup over their head to the player behind them, this will continue until the cup gets to the end. The player at the end of the row will turn around and pour the cup into the empty bucket and then pass the cup forward. Continue to do this until all the water has been transferred to the bucket at the end.

**Other ways to play:** You can change things up & have players stand up or stand on one foot or close their eyes! Be creative, change things up, have fun!

# GAMES - H.O.P.E BALL (HE OFFERS PEACE TO EVERYONE!)

### Objective:

Get your beach ball through in the bucket/tub before the player behind you does! The player who spells H.O.P.E first wins!

### What you will need:

- 2 Balls
- 1 large bucket/ tub  
(to throw balls into)
- Chalk, jump rope  
(or anything you can use to make a shoot line)

### How to play:

Place the bucket/tub in a safe area and then make a shoot line 2-3 feet back from the bucket/tub (this number can vary depending on the age group of the children), so mark the shoot line wherever you see is best to play. To play H.O.P.E, the first **player** shoots at the basket from anywhere in front of the bucket/tub behind the shoot line. If they make the basket, the second **player** must attempt the same shot. If the first **player** misses, the second **player** can shoot from anywhere. Continue this pattern for the duration of the **game**. If there are more than two players, each person player must try to make the same shot that was made last. For each shot that is made, the player who made the shot receives a letter from the word H.O.P.E. the first person who spells out H.O.P.E. wins

### Other ways to play!

Change this game up by having players throw from behind not facing the bucket/ tub. Instead of a bucket you could have players shoot through a hula hoop. To make it more challenging you can make the balls wet so they are more slippery or make the bucket/tub farther away from the shoot line.

Be creative!!
